Notice to Mariners.

Light Houses have been erected on Foul Point and Round Island in the entrance of Trincomalie Harbour. The lights are of the following description, and will be exhibited from sunset to sunrise every night after the 1st of February 1864:—

Foul Point.—A flash light shewing a brilliant flash every half minute, which is plainly visible seventeen miles in clear weather from a Vessel's deck elevated eighteen feet above the sea; a faint light is shewn between the flashes, which is not visible beyond a distance of seven miles.

Round Island.—A fixed bright light, which is plainly visible ten miles in clear weather from a Vessel's deck elevated eighteen feet above the sea; it shews a red light when brought to bear between the points W. by S. ½ S. and S. W. ½ S., which is not visible beyond a distance of six or seven miles. Approaching between these bearings the bright light is not seen.

The following directions are for the guidance of Vessels entering the inner Harbour:—Approaching from the southward bring Foul Point light to bear west, distant two miles; then steer N. W. until Round Island light bears W. S. W., then steer direct for it until the extreme point of Chapel* Hill bears north; then steer W. by N. until Round Island light bears S. by E. ¼ E.; then steer N. by W. ¼ W., passing midway between Ostenberg Point and Sober Island, and keeping Round Island light bearing S. by E. ¼ E.; anchor immediately when the water is shoaled to twelve† fathoms.

Approaching from the northward when Foul Point light is made, bring it to bear S. by E. ½ E., and steer direct for it until Round Island light bears S. W. ½ W.; then steer direct for it until the extreme point of Chapel Hill bears N. by E. ½ E.; and then follow the directions already given for approaching from the southward after Chapel Hill bears north.

The Red light is intended to direct Vessels clear of the dangers off Foul Point and Chapel Rock; therefore Vessels working into the Harbour should be careful to keep within its limits.

(Sd.) James Dounan,
Master Attendant.

Master Attendant's Office;
Colombo,
The 19th December 1863.

* Chapel Hill being a high bluff head-land may be easily distinguished in the darkest night, as when brought to bear N. or N. by E. ¼ E. it will be only one and a quarter miles distant, and will be the extreme point of land visible in that direction.

† The Lead should be kept going after passing Ostenberg Point, as the water shoals rapidly from twenty-five to twelve fathoms.

Notice to Mariners.

Light Houses have been erected on Foul Point and Round Island in the entrance of Trincomalie Harbour. The lights are of the following description, and will be exhibited from sunset to sunrise every night after the 1st of February 1864 :—

Foul Point.—A flash light shewing a brilliant flash every half minute, which is plainly visible seventeen miles in clear weather from a Vessel's deck elevated eighteen feet above the sea; a faint light is shewn between the flashes, which is not visible beyond a distance of seven miles.

Round Island.—A fixed bright light, which is plainly visible ten miles in clear weather from a Vessel's deck elevated eighteen feet above the sea; it shews a red light when brought to bear between the points W. by S. ½ S. and S. W. ½ S., which is not visible beyond a distance of six or seven miles. Approaching between these bearings the bright light is not seen.

The following directions are for the guidance of Vessels entering the inner Harbour :—Approaching from the southward bring Foul Point light to bear west, distant two miles; then steer N. W. until Round Island light bears W. S. W., then steer direct for it until the extreme point of Chapel* Hill bears north; then steer W. by N. until Round Island light bears S. by E. ¼ E.; then steer N. by W. ¼ W., passing midway between Ostenberg Point and Sober Island, and keeping Round Island light bearing S. by. E. ¼ E.; anchor immediately when the water is shoaled to twelve† fathoms.

Approaching from the northward when Foul Point light is made, bring it to bear S. by E. ½ E., and steer direct for it until Round Island light bears S. W. ½ W.; then steer direct for it until the extreme point of Chapel Hill bears N. by E. ½ E.; and then follow the directions already given for approaching from the southward after Chapel Hill bears north.

The Red light is intended to direct Vessels clear of the dangers off Foul Point and Chapel Rock; therefore Vessels working into the Harbour should be careful to keep within its limits.

(Sd.) James Dounan,
Master Attendant.

Master Attendant's Office;
Colombo,
The 19th December 1863.

* Chapel Hill being a high bluff head-land may be easily distinguished in the darkest night, as when brought to bear N. or N. by E. ½ E. it will be only one and a quarter miles distant, and will be the extreme point of land visible in that direction.

† The Lead should be kept going after passing Ostenberg Point, as the water shoals rapidly from twenty-five to twelve fathoms.

NOTIFICATION.

IT is hereby notified that as the present Capital of the Bank is insufficient to meet its requirements, in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined, under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from one crore, nine lacs, ninety thousand, nine hundred and nine Rupees, to two crores and twenty lacs, by the issue of new Shares or consolidated Stock under the following conditions :—

1*st*.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will, in like manner, be entitled to an equivalent amount of new Stock at par.

2*nd*.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3*rd*.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per Cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per Cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4*th*.—The transfer Books will be closed from the 16th to the 31st of August 1864 inclusive.
